CLARKSBURG COUNTRY CLUB MEMBER CHARGES CREDIT POLICY

Effective January 1, 2009

- **Members are required to submit a credit card number to be kept on file.**
- Monthly billing statements for the prior month will be mailed within the first 5 business days of the month.
- Statement balance is due by the 20th of that month.
- Balance is considered past due if payment is not received *in the club office* by the last day of the month.
- Finance charges of 2% per month are incurred on all past due balances.
- **Members' whose past due balance has not been received *in the club office* by the 15th will have the charges posted to their credit card on file.**
- If the credit card charges cannot be processed the office staff will make every effort to notify the Member of the past due balance.
- **If the balance is not brought current by the 25th of the month Membership privileges will automatically be suspended until such time as the account becomes current.**
- The next business day a letter of Notification of Suspension will be mailed to the Member from the Club office.
- A suspended Member will be reinstated when all past due charges are paid in full.
- Monthly dues charges continue to apply during a suspension.
- Monthly food minimums are put on hold beginning the month after a suspension takes affect.
- A Member who has been suspended twice within a 12 month period will have their Membership terminated. Such Member would be required to reapply, and be subject to Board approval, to obtain Membership to the club.
- Legal action to collect an outstanding balance of a suspended Member may be pursued at the discretion of the Board of Directors.

Example of the credit policy:

1. The first week of May a Member receives a statement with April charges on it.
2. This statement is considered due by May 20th.
3. This statement is considered past due on June 1st.
4. Another statement will arrive the first week in June and will reflect the now past due charges from April, and the "new" charges incurred in May.
5. On June 15th the charges from April will be applied to the credit card to bring the account to current.
6. If the credit card cannot be processed, or there is not one on file, the office will attempt to contact the Member to notify them of a pending suspension on the 25th if the account is not brought current. Inability to make a direct contact will not prevent a suspension from taking affect.

I have read and understand the above credit policy:
