CLARKSBURG COUNTRY CLUB MEMBER CHARGES CREDIT POLICY (PLEASE READ CAREFULLY)

- All members are required to submit credit card information to be kept on file.
- Membership Statements for each month will be mailed within the first 5 business days of the month.
- Monthly membership dues are due by the 20th of each month.
- Any additional charges incurred by a member will be added to the following month's Membership Statement.
- An unpaid balance is considered past due if payment is not received **in the Club office** by the last day of the month.
- Finance charges of 2% per month are added to all past due balances.
- Members whose past due balance has not been received **in the Club office** by the 15th of the following month will have that balance charged to their credit card on file.
- If the outstanding balance cannot be processed by the credit card on file, the office staff will make every effort to notify the member of the past due balance.
- If the balance is not brought current by the 20th of the following month, membership privileges will automatically be suspended until such time that the account is brought current.
- The following business day, a Notification of Suspension letter will be mailed to the member from the Club office.
- A suspended member will be reinstated when all past due charges are paid in full.
- Monthly dues charges continue to accrue during a suspension.
- A member who has been suspended twice within a 12-month period will have their membership terminated. A terminated member will be required to reapply and be subject to BOD approval.
- Legal action to collect an outstanding balance of a suspended member may be pursued at the discretion of the BOD.

Example of the credit policy:

1. In the first week of May, a member receives a statement with their May dues and any additional charges incurred in April on it (i.e. cart rental, restaurant tab, etc.). This statement is due by May 20th. This statement is considered past due on May 31st.
2. Another statement will arrive in the first week of June and reflect the now past due charges from April (if any) and May's membership dues along with June's dues and any new charges incurred in May.
3. On June 15th, the past due balance from April and May will be charged to the credit card on file to bring the account current.
4. If the credit card charge cannot be processed, or there is no card on file, the office staff will attempt to contact the member to notify them of a pending suspension on the 20th if the account is not brought current. Inability to make a direct contact will not prevent a suspension from taking effect. So, please keep your contact information up-to-date!

I have read and understand the above credit policy and agree to all terms and conditions :
